

## Collection Statement – Healthcare Professional Engagement

Bristol-Myers Squibb (NZ) Limited (**BMS**) promotes transparency in its relationships with Healthcare Professionals and is committed to ensuring that any transfers of value (TOV) between **BMS** and health professionals is both appropriate and transparent.

Accordingly, if you will receive any TOV from BMS you are required to consent to **BMS** disclosing the following personal information about you and any services you provide to us in order for **BMS** to comply with any disclosure of payments/transparency guidelines that may apply.

**BMS** will use and disclose this personal information for the purposes of publishing on **BMS**'s website any TOV made to you by **BMS**.

The following personal information about you and any corresponding TOV will be published on **BMS**'s website:

- Your name and profession;
- Your business or practice address including region;
- A description of the circumstances justifying the TOV, including any event, service or activity you participated in or provided to **BMS** and the amount of the financial payment (or other TOV) you received from **BMS** including, as relevant; the amount of any air travel, accommodation costs (including room rate) and registration fees paid by **BMS** for you to attend an event or provide a service (as relevant) ; and
- Any financial payments (or other TOV) made to third parties as directed by you in relation to this agreement.

Your personal information will be handled at all times in accordance with New Zealand privacy legislation and **BMS**'s Privacy Policy located on our [Privacy Notice Centre](#). Prior to the publication of this information, you will be provided with a statement detailing the information listed above and the TOV to be disclosed for your validation. You may request any corrections to the information at that time, or anytime thereafter.
