

Survivorship Today

What It's Like to Live with Cancer

“Having a place and safe haven to share my story was critical for healing and mental well-being.”

AMY WU
ADVOCATE AND CANCER SURVIVOR

“Helping to advocate on behalf of cancer patients has given me the strength and the healing that, ultimately, my body and soul needed.”

AMANDA RICE
ADVOCATE AND CANCER SURVIVOR

“The support that I received from my community set the tone for me to dedicate my life to volunteerism and advocating for health equity in cancer care.”

WOODY BROKENBURR
ADVOCATE AND CANCER SURVIVOR

Cancer may impact your life, but you are not alone.

Many people, just like you, have similar concerns about navigating life after a cancer diagnosis. Few survivors feel prepared for what comes next after treatment.

At SurvivorshipToday.com, you can watch the stories of people who have been affected by cancer and learn how connecting with community resources and advocacy groups can help empower you.

About

Survivorship Today

Survivorship Today: What It's Like to Live with Cancer is an initiative by Bristol Myers Squibb that aims to share stories of people across the country who have been affected by cancer and advance our collective understanding of what it's like to live with the disease today.

Survivorship Today

What It's Like to Live with Cancer

Address your concerns about living with cancer

Talk to your healthcare providers and ask questions about:

Mental & emotional wellbeing

Exercise & nutrition

Managing side effects

Family planning

Returning to work

Financial planning

Transitions of care

Life after cancer & survivorship

Become your own advocate by seeking out resources for:

- ✓ Health education materials
- ✓ Mental health support
- ✓ Financial planning
- ✓ Connecting with other cancer patients and survivors
- ✓ Access to care and health equity

Resources are available for both patients & caregivers through patient advocacy organizations.
